

S-E-C-R-E-T
US OFFICIALS ONLY

IWG/WP-7
Control No. 446978
12 January 1954

MEMORANDUM FOR: IWG

SUBJECT : Transmittal of Draft Working Paper on "Indications of Soviet Bloc Vulnerability to Western Controls on Primary Aluminum"

25X6 1. Attached for IWG consideration is a CIA draft contribution prepared in response to IWG Case No. 70 of 14 December 1953. FOC/MDAC on 8 December requested this information to be used by the EDAC Working Group on Application and Enforcement in supporting the US position on proposed 1954 [REDACTED]--Soviet trade agreements providing for export to the bloc of primary aluminum. This draft has been coordinated with OIR and AFOIN.

25X1C

25X6 2. Attention is called to the fact that this paper is classified SECRET-US OFFICIALS ONLY, with the exception of the summary, consisting of the first page, which is classified CONFIDENTIAL - US [REDACTED] OFFICIALS ONLY. This summary page may be detached specifically for use in negotiations [REDACTED]

3. IWG members are asked to review and comment on the draft and to provide additional supporting intelligence where possible. Such comments or additional intelligence should be submitted to the Executive Secretary not later than the meeting scheduled for 21 January. A final IWG report will be prepared after that date.
